

MyNutriKids.com® is a secure, user friendly system for online prepayments and nutrition education. The web site lets parents make prepayments to their children's school meal accounts, verify balances, track item purchases, and much more.

If you have more than one child at the school, you can handle all online prepayments from the same online account.

Cash is accepted at the register; but we encourage all students to use a school meal account. We recommend parents start their child's meal account with \$500. The minimum prepayment amount is \$75 per transaction. Any unused balance will be refunded upon request. *Taste Nutrition assumes all service charges.*

Returning students with existing accounts will use their existing accounts.
